

LEARN, UNDERSTAND & EXPLORE

I Would like to strengthen my Mathematical abilities

I am good at Mathematics but what are the career opportunities in Maths?

A strong Mathematics background will help me in my higher studies

“Mathematics is the most beautiful and most powerful creation of the human spirit”
Stefan Banach, Polish Mathematician

BISHOP MOORE COLLEGE, MAVELIKARA

PRE-UG FOUNDATION COURSE IN MATHEMATICS

(A one-week Training programme for students to understand the fundamentals of Mathematics and its career opportunities)

27.06.2022- 02.07.2022

The main motive of this programme is to create a platform for young students (Preferably students who finished their plus-two examinations) to understand the fundamentals of Mathematics which can make them productive in their future endeavours. This course would benefit any student who wants to pursue mathematics academically or to study in other math related fields such as Statistics, Engineering, Physical Sciences, etc.
